

# England 2024

Made by Alice Cariñana, Noa Fernández and Daniela Villalba

# Content of the presentation

1. 08/06/24: Arrival to the UK, Cambridge and Broadstairs
2. 09/06/24: London
3. 10/06/24: First day of school and activities
4. 11/06/24: Canterbury and disco
5. 12/06/24: Ramsgate and Drama club
6. 13/06/24: Margate and quiz
7. 14/06/24: Activity ( Arts & Crafts) and karaoke
8. 15/06/24: Last day and Rochester
9. 15/06/24 - 16/06/24: Airport and arrival to Alicante

# 08/06/24: Arrival to the UK and Broadstairs

We started that day going to the airport at 4:30 am. We waited for all the group to be completed, after that we passed the control with the help of the teachers, they were very helpful to us. We had half an hour to go to the bathroom or buy food and after that we got on the plane to be able to go to our destination.

After visiting Cambridge...

At 4.30pm all the group was reunited to take the bus and go to Broadstairs. We had an hour and a half to arrive to Broadstairs. When we arrived, they explained the rules to us and after that our family came to pick us up. From my experience, my host family was very polite and welcoming.

Broadstairs

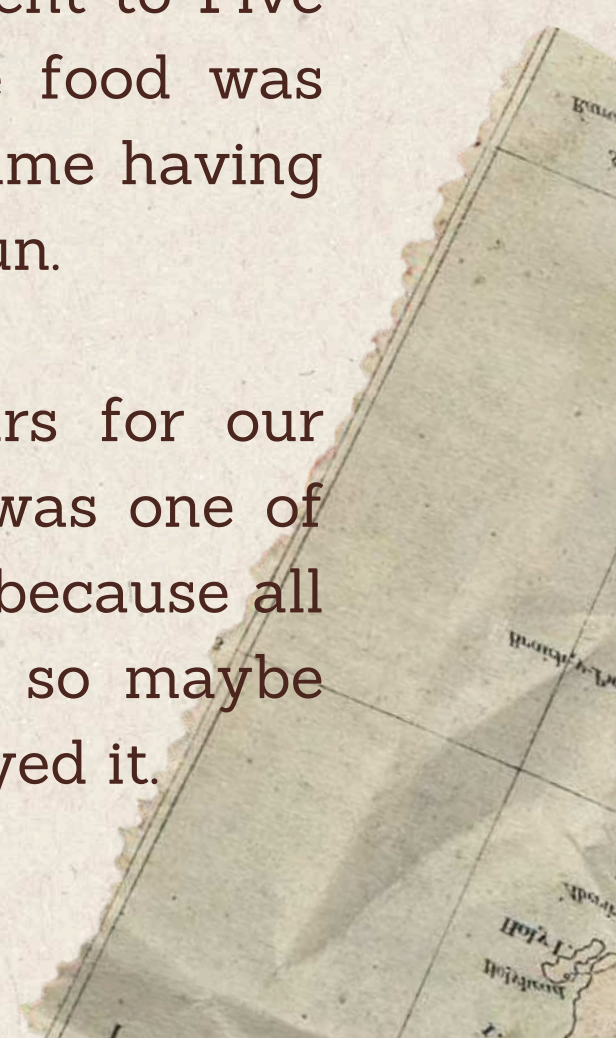

# 08/06/24: Cambridge

In the afternoon after arriving to London we were picked up by a bus to take us to Cambridge and get to know the city, we had around five hours to see the city. It was my first time in the United Kingdom, so I really didn't know what the typical food was so my friends and I went to Five guys to eat some burgers. The food was good, and we had a wonderful time having a walk around the town, it was fun.

Also, we bought some souvenirs for our family and friends. Cambridge was one of the towns that I liked the most, because all we were seeing was new to us so maybe because of that, but I really enjoyed it.

# 09/04/24: London

This was our first complete day in England. We woke up early to get a bus that was going to take us to London in approximately 3 hours, and our host families prepared a packed lunch for us. When we arrived, it was already 10 a.m. and we did a quick visit of the city where our guide explained us the history of some important monuments of the city.

After that, the teachers gave us 4 hours of free time, and we had the opportunity to visit and get to know a lot of different parts of London. It was beautiful and we loved the city.

We visited some famous places like the M&M's shop and saw the Big Ben and London's Eye. Also, we walked through a park with a lot of ducks and took a lot of pictures of everything.

# 10/06/24: First day of school and activities

This was our first day, having class in the Kent school of English. First of all, the teachers from our school made us download the app of the school where we could find the activities that we were going to do all the week and in which class we were so the next day we could find it. My first day of class was good, they made us do a test to see our level of english so the next day they could put us in a classroom where all the people were at the same level as us.

After doing the test we played a game, called stop the bus here in Spain it has a different name so the first time I heard it was a little bit confusing, but when they explained it, I understood what game it was. It was very fun, and I had a great time. Also in between the two classes we had fifteen minutes to have recreation, in that time you could buy some food from the bar or just talk with your friends.

# 10/06/24: First day of school and activities

Pabellion where we learned barn dance

At 12:15 pm we left the school to go choose where we would have lunch, my friends and I decided to choose fish and chips since it was the typical food there. The school gave us vouchers to reduce the cost of the food, and right where we went, there was an offer for the Kent school students, so we decided to use it.

Around 14:00 pm we had to be at our meeting point to do our first activity, it was a tour of Broadstairs to do this tour we had to complete a quiz about the village finding the answers around the town. We divided into groups of eight, and we did a walk around the town finding the answers, so it was really interesting. We didn't win but we had a great time, after that we had dinner with our host family.

Our last activity of the day was barn dance, we learned some new moves of this typical dance from there. It was really fun and we did have a great time. Finally, we went home to sleep and have energy for the next day.

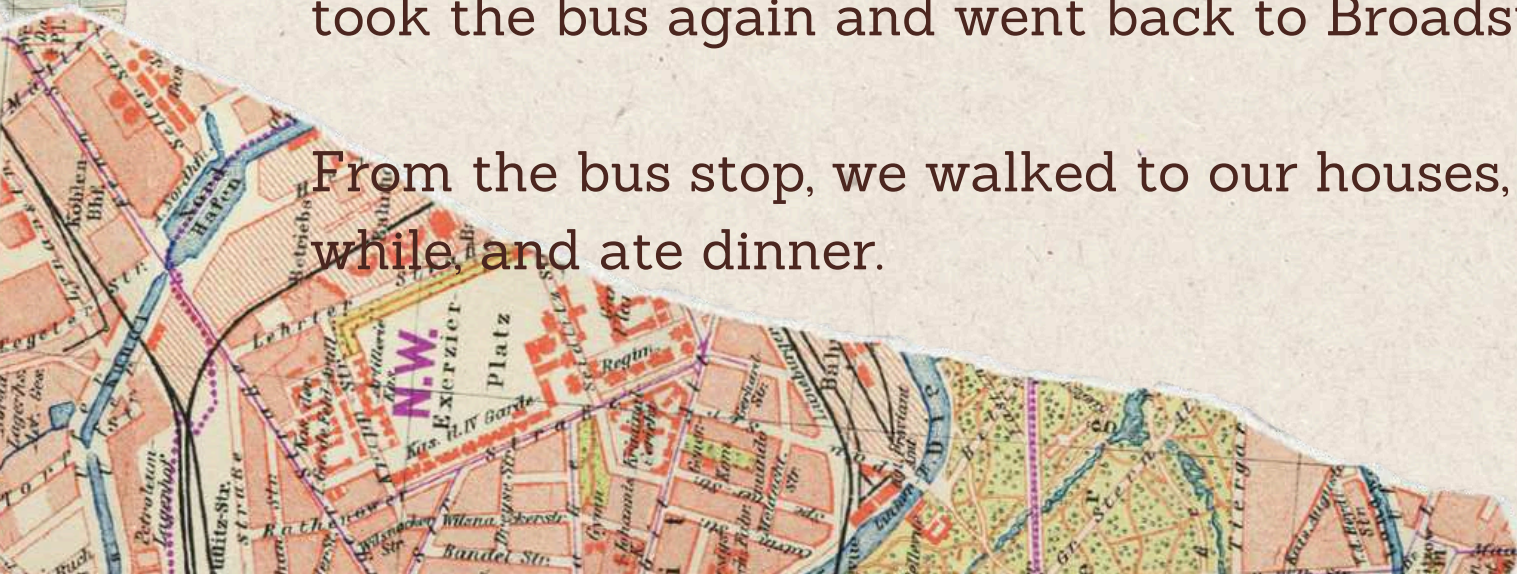

# 11/06/24: Canterbury and disco

On Tuesday, we did a lot of things compared to the last day. First, we went to school for 3 hours, and it was our first day doing classes divided by levels. When we finished, at 12:15 a.m., we had a little bit of time to eat lunch and see the city.

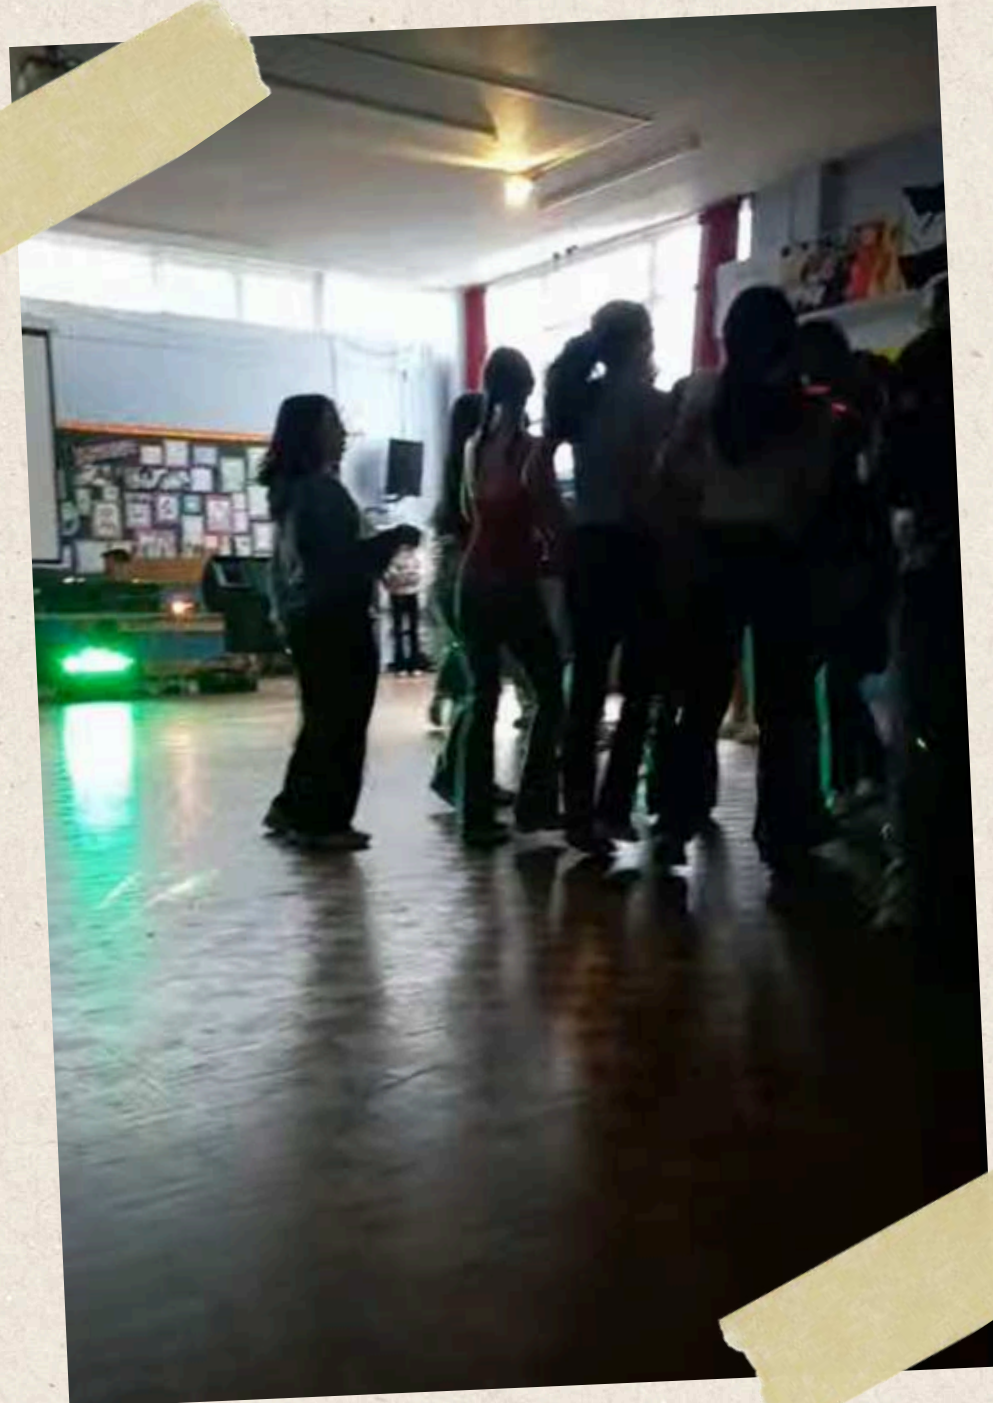

Later, we took a bus for about 45 minutes and we arrived to Canterbury. We had a guide who showed us some parts of the city, and then we had free time, so my friends and I decided to visit some shops and a beautiful park with a big lake and a lot of flowers. When our free time finished, we took the bus again and went back to Broadstairs.

From the bus stop, we walked to our houses, rested for a while, and ate dinner.

# 11/06/24: Canterbury and disco

After a few hours, we had a night activity with the German students at a school: the disco.

We arrived to the place and there was a DJ that was playing music. We had a great time, because the DJ was playing Spanish and German music so that everyone could feel included and have fun.

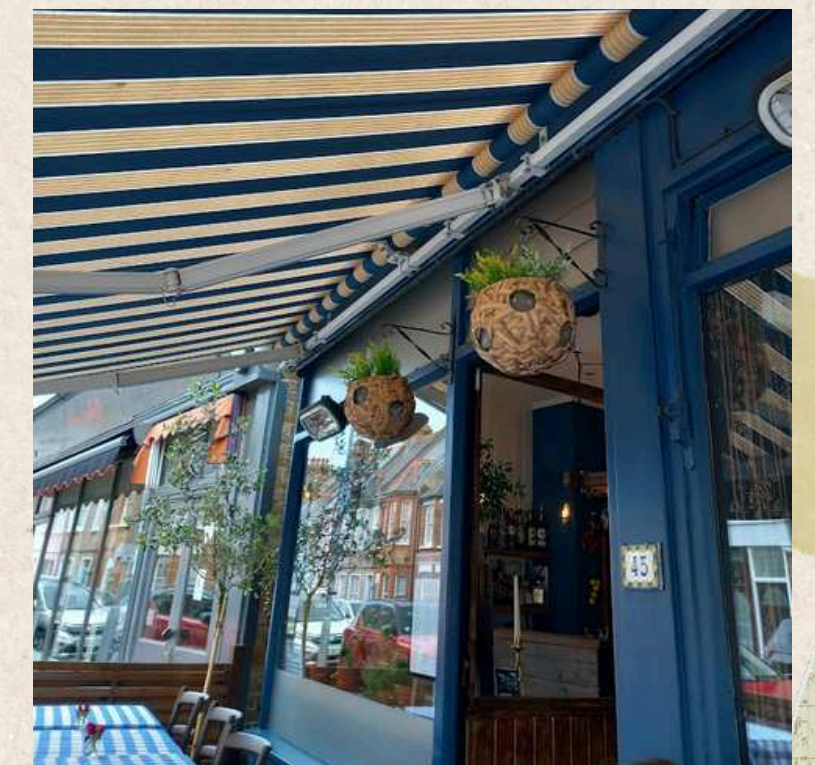

The activity finished at 9:45 p.m. and after that we went to our houses.

# 12/06/24: Ramsgate and Drama club

We started the day having breakfast with our host family and walking to school. This day we were separated in different classrooms depending on our level of English. We had lessons like usually but learning about some new things like different types of music or about space. I remember that day all the other students from Germany were visiting London, so they made the classrooms only with people from our school.

We had great lessons and around 12:15 we left school to have lunch, this day my friends and I went to an Italian restaurant and ate pasta (some of us we eat caccio' e pepe' and others ate spaghetti al pomodoro) I'm Italian so from my point of view, obviously it wasn't like the pasta there, but it was good.

# 12/06/24: Ramsgate and Drama club

At 14:00pm we were at the beach for doing a costal walk until Ramsgate, the costal walk lasted around 45 minutes. After arriving to Ramsgate, we had one hour to see the town and the church. It was very pretty and after we saw everything, my friends and I decided to stop at a cafe because it started to rain. I decided to try the tea from England. I think that it was just a normal tea I didn't find something different from our teas.

Then we went to Broadstairs having again the costal walk. When we arrived, we went straight to our house and we had dinner with our host family, we had a great time with them.

Last but not least we had drama, an actor from England explained to us what the theatre was and how interesting acting was. Finally he told us that we had to create a function of 3 minutes and interpretate in front of everyone. With my friends we created a representation, and we had a great time seeing the others functions. To complete the day, we went home and recover energies for the next day.

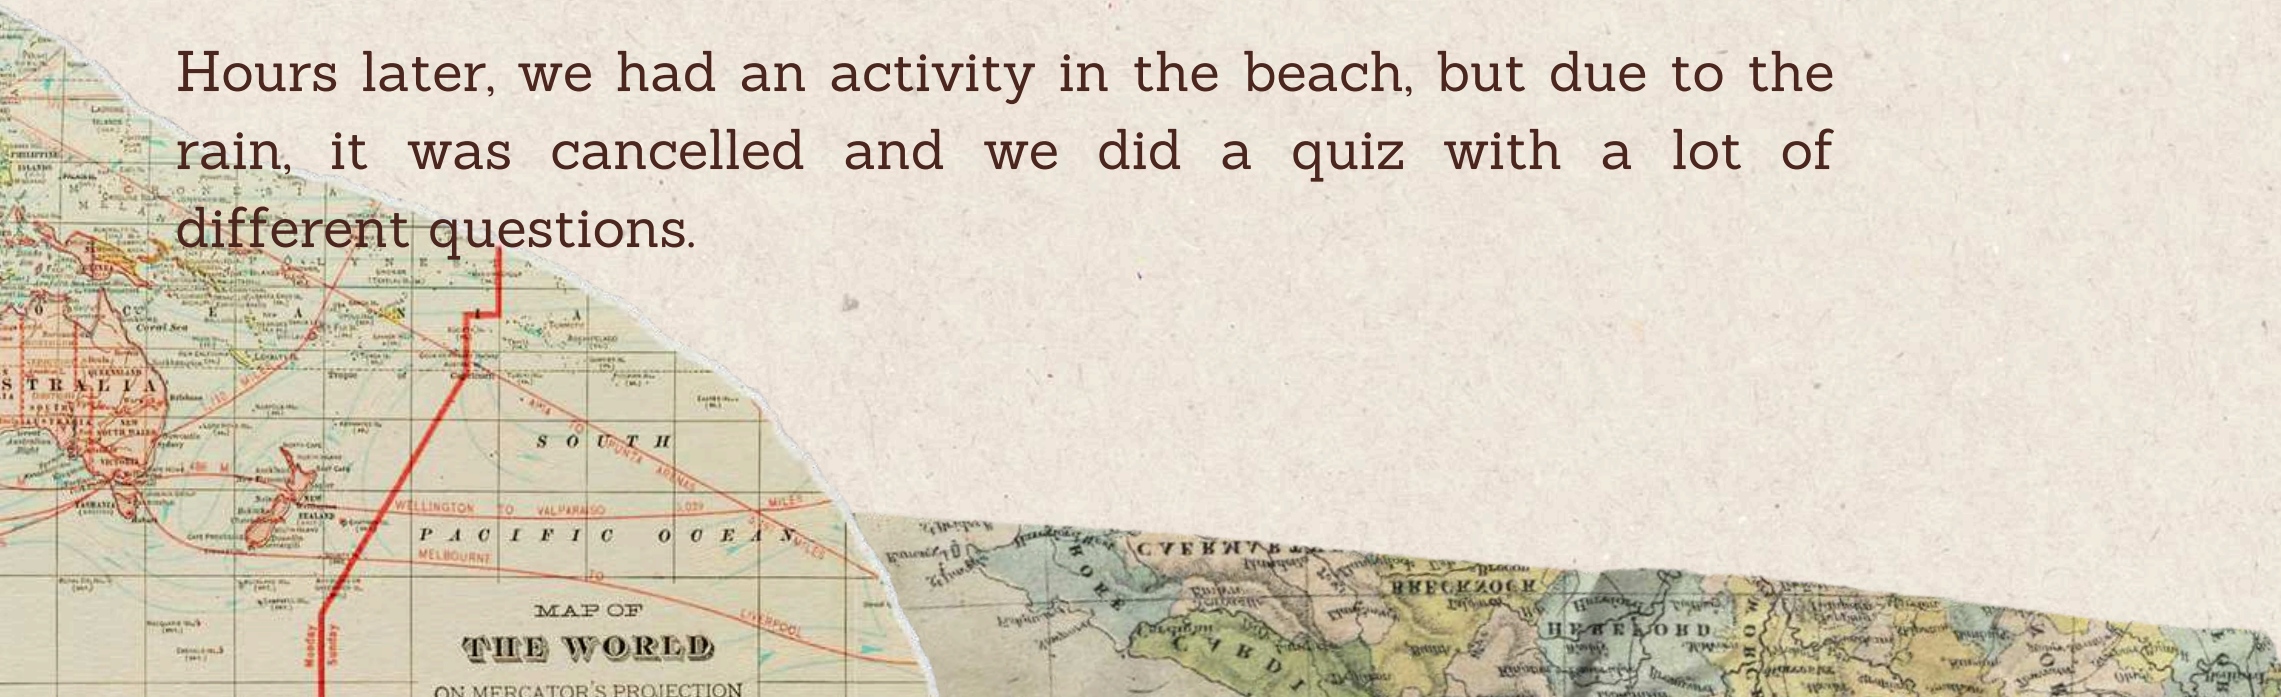

# 13/06/24: Margate and quiz

In the morning, we went to school and when it finished we had free time.

Almost 1 hour and a half later, we went to the train station and took a 5 minute train to Margate. We walked for a while and we arrived to a place where we could play different games such as table soccer, petanque and a game where you had a log and had to drive a nail into it. We were there for at least 1 hour and then we went back to our village.

Hours later, we had an activity in the beach, but due to the rain, it was cancelled and we did a quiz with a lot of different questions.

# 14/06/24: Activity and karaoke

This was our last day in Broadstairs, and like all the other days we started having breakfast with our host family and walking to school. Of course, we had lessons as usual and we learned some new things. After break time, when we were in class, they gave us a certificate of our level of English.

At 12:15 pm we went to have lunch at Burger Please where all the food we had was very good. Then they made us choose what we wanted to do in the afternoon, we could choose: sports, games or arts and crafts. Some of my friends and I chose arts and crafts, so at 2:00 pm we had to be at the school to do these activities.

They played Mamma Mia 2 while we were painting or doing bracelets, we had a great time, and we enjoyed this activity. After this activity that lasted around 2 hours, we had to go home to have dinner with our host family and relax until 20:00 pm.

Finally, our last activity was Karaoke, but that same day it started the Eurocup so in one room they put a big screen for the people that wanted to see the match. My friends and I had a hard time looking for a song to sing because the one we wanted was already chosen, so we had to look for another song. At the last minute we found a song and even if it wasn't the one we wanted we sang that one. We had a great time listening to songs and singing, it was a good experience. After that we said goodbye to our friends and we went straight to our home, to recover energies for the departure day.

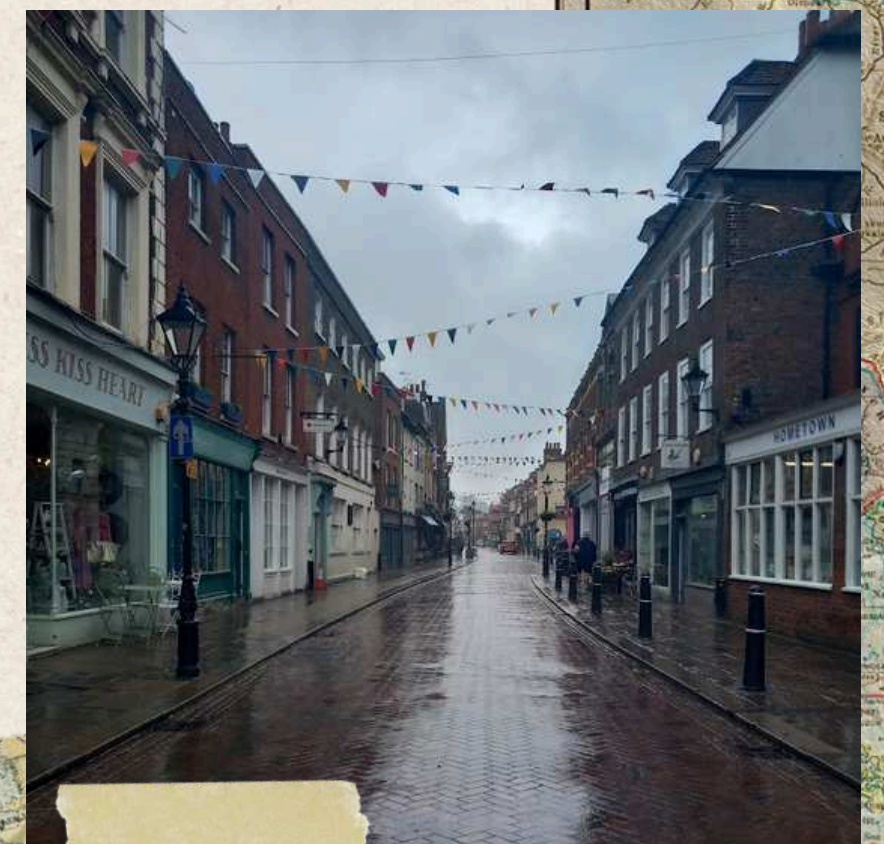

# 15/06/24: Last day and Rochester

This was our last day, because in the afternoon we were going to take an airplane to go back to Spain.

We woke up a little bit later than usually because we had to be at the bus stop at 10:30 a.m. We ate breakfast and finished packing up our luggage. Then, our host family drove us to the bus stop and we said goodbye to them.

Before going to the airport, we stopped at a village called Rochester and we spent about 3 hours there. My friends and I visited some shops and a cathedral, and we ate at a european restaurant.

# 15/06/24 - 16/06/24: Airport and arrival to Alicante

After visiting Rochester, we went to the airport. We arrived 2 or 3 hours before our flight and after finishing the security scan, we had a little bit of free time where we could buy our dinner and some souvenirs. Also, we could rest for a while.

More or less, when it was 8 p.m, we went to the queue to get into our plane, but it arrived late so we had to wait for a long time. Then, we started getting into the plane and, after a long day, we arrived to Alicante at 1 a.m. Everyone was very tired and very hot, so we got our luggage very quick and we all went to see our families again.

The end!
