Núria has got short brown hair, she is medium-height, she has hazel eyes, big lips and thin eyebrows.

Núria is intelligent, hard-working, friendly, funny, in some moments serious, she is kind and very creative

NÚRIA *Siscar*

This school year was a bit complicated at the beginning, the behavior and work production needed to be improved, but I'm happy because this has changed for the better, we have had great moments together and we teachers have been witnesses of your personal growth, congratulations! We are proud of you!

SOME OF THE MOST MEMORABLE MOMENTS

in 2nd B

BAD BEHAVIOR :(

The class behaved
very badly and
the Valencian
language teacher
got very angry. It
was the most
frightful moment

ANGEL'S DANCE AT THE ENGLISH PLAY

In an English theatre play they asked for volunteers and Àngel came out.

The music was playing and Àngel started to dance the "worm dance".

This was the most amazing moment !!!

TRIP TO THE ORBA'S TRINQUET

We are going to talk about our trip to the Orba's trinquet, the teachers that came with us were Josep and Lluís, they brought gloves for the students who don't play Valencian Ball. We played "raspall" in pairs and then "frontó". And finally, we played "raspall" in big groups.

Christmas

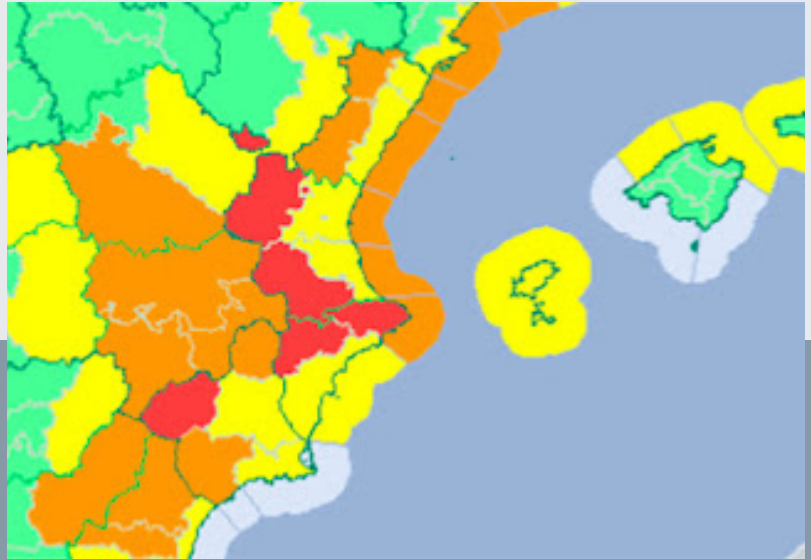

The last day of school to start the Christmas holidays, we were having a snack, when suddenly the teacher Núria disappeared.

We didn't know where she was, and when she appeared she was dressed up as Santa Claus. We started laughing and it was an unforgettable moment.

THE DAY

*We didnt
have class*

The best thing that happened for the majority of the class was the cancelation of the school lessons because of the rains. There was no class because there was an orange alert for rain. And there were floodings in the Valencia Community.

YEAR 2 ESO

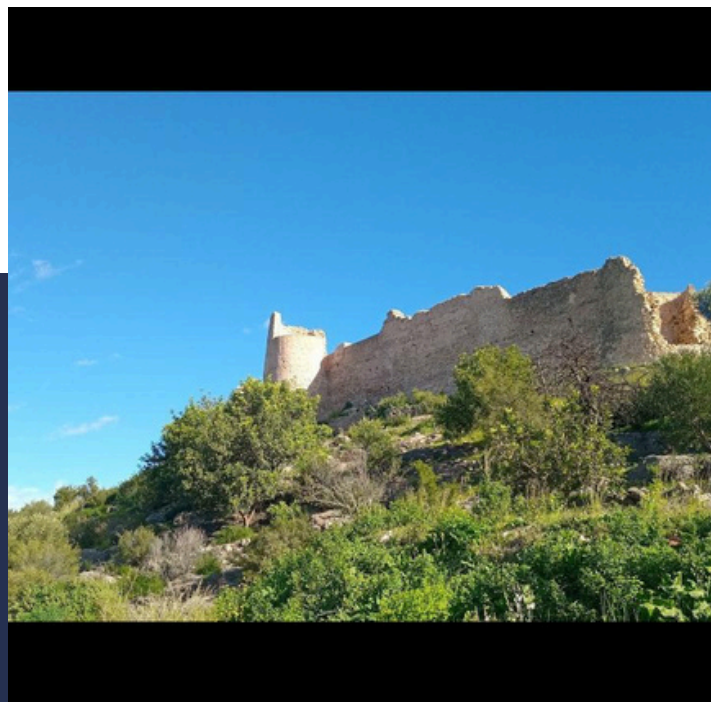

Bairén's castle

It was the longest trip we made out of town. We went to Gandia and then we went walking to the castle, after that, we took a pass and went to Las Salinas and we walked through it.

It was the most cultural day!

**THE ONLY TRIP WE HAD
THIS YEAR 2025**

Both groups of 2nd of ESO.

DIA DE LES *llengües*

On the languages day, we made exhibitions of our languages and then * we went to

have lunch where each one brought food from their country of origin and we also went

to watch the show of the Cabra Fotuda at the Theater

COLPBOL *Tournament*

After the 4th grade students organized the colpbol tournament, the 2nB ^{*}class decided to participate. After passing the group phases the team kept winning consecutively until reaching the final in which we played against 3rC, winning the match 3-1, it was the best triumph.

CREAM POT

When we were in Geography and History class, everyone in the class was talking about some people who had special abilities. Suddenly, Mario did

something strange

and Guillem said that

Mario also had a

special ability.

After that, Mario

threw the sun cream at

Guillem , but he failed.

This was the most special and

funniest moment in the class!

+

=

BREAKS

The breaks this year have been quite good but our opinion is that it was better with 2 breaks of 20 minutes each. Although the food price for the school baker has increased, the food still tastes good and is affordable.

A nice day was when the whole school brought food from different countries and religions and we all tried different things, or the day when different age groups got awarded for different sports.

CONCLUSION

This year was very funny and full of great moments. In English, we took part in the "Angel Dance," a fun and spontaneous activity that had us all laughing. Despite the red alert for heavy rains that led to the lessons cancelation in the Marina Alta, we made the most of our time off. In sports, our team won the colpbol tournament, showing great team spirit. Our teacher surprised everyone by dressing up as Santa Claus, bringing a festive atmosphere to the class. We also visited the Castle of Bairén, where we learned about history and enjoyed the medieval architecture. On the Languages Day, we celebrated linguistic diversity with interactive activities and presentations.
