

CHRISTMAS CARDS AROUND EUROPE

Información del proyecto

The project consists in creating handmade Christmas cards and exchange them with students from other European countries. Every card will include a message written in English and a wish written both in English and in the students' mother tongue. After receiving the cards, each partner will display them on a wall at school.

OBJETIVOS

The pupils will:

- improve their English language skills
- develop their creativity and artistic ability
- make new friends from different European countries
- exchange and learn information about different Christmas traditions
