Date:

Hi! My name is Alan. I am 10 years old. I live in New York City with my mom, dad, and sister. New York City is a big and fun place. In my city, there is a very tall building called the Empire State Building. There is a famous park called Central Park. People go there to relax and play. There are many museums. There are a lot of restaurants where you can eat tasty food. There are many yellow taxis on the streets.

In New York City, you can visit the Statue of Liberty. You can walk in Central Park. You can see animals in the zoo. You can go sailing. You can eat pizza or hot dogs from a food stand. You can go shopping in Times Square, too. I love my city!
