

The background of the entire poster is a dark, textured wooden surface. Scattered across this surface are various colorful school supplies: numerous colored pencils in shades of red, blue, green, yellow, and purple; several markers; a watercolor palette with various colors; and some small, colorful erasers. In the center, there is a hand-drawn illustration of a green, blob-like character with large eyes and a yellow robot-like character with a square body and a single antenna. They are surrounded by small, colorful star-like shapes.
