TOGETHER AGAINST DISCRIMINATION
Project Number 2019-1-IT02-KA229-063323

In this Erasmus + project has participated 5 countries: Turkish, Italia, Bulgaria, Romania and Spain.

The aim of this project was to work in the topic “Together against discrimination.” For this reason, in each mobility we worked in different subtopics, such as:

- “Dealing with violence and discrimination issues in schools”
- “Stereotypical thinking at work”
- “Strategies to deal with and prevent violence”
- “React against bullying and hate speech”
- “Promoting equality”

This project started in 2019 but we could not continue with it because of the Covid-19. After this period, we talked again to carry out this project, which was finished in 2022. Unfortunately, the mobility to Bulgaria was online due to the starting the war between Ukraine-Russia. Our experience with the students and teachers from all countries was marvellous.

If you want to know more information about it:

- A diary, which is about the students’ experience in Italy, is made for feeling what they lived there. -> DIARI DOCUMENT FINAL ITALIA
- A Calendar with images for each mobility can be seen to endear to our experience.

“The taxi driver was very nice.” said Mari.

“We had dinner in a bar that had a ground floor, some pizzas, I had a basic margarita and my friends wanted to innovate to try new flavors, but Carmen and I didn’t” said Carla.

Monday 9

“It was the first day of high school and we were going to meet everyone and we were nervous and happy. “ said Elena.

“The Italians, Bulgarians and Romanians made their presentation. We danced with the Italian students, it was very funny!!” said Irene

“The Italians taught us some typical dances from there. They explained us that dancing is an important tool to avoid any kind of discrimination. After that we ate and did a group work on geography, in which we learned a lot about it.” said Carmen.

“Another thing that I loved was the food that they gave, it was great.” said Mari

“Three countries exhibited their work and we began to talk a little more with the Italian students. In the afternoon, we visited the major of Acquaviva, he was really kind with us.” said Carla

Tuesday 10

“We spent all day on a trip and talked more with everyone, ate the typical pasta and enjoyed it very much.” said Elena

“We made a quite long trip a little more to the center from there and we really enjoyed it, we had a great time.” said Carla

“The hardest day of all, saying goodbye to the Italians hurt us a lot, we became very fond of them, they gave us our diplomas.” said Carla.

“We had to say goodbye to the others and it was very hard. We had dinner with some countries because some left before. I was very sad. I really like the dinner but when we left I started to cry in the middle of the street.” said Irene

Sunday 15

“On the last day of Erasmus, we were all very sad and didn't want to leave. We spent the day in the city, shopping and looking at things and we ate ice cream!!!! The last one.” said Carmen

“ A very sad day to know that we were not going to set foot in that city again, in the morning we took another turn” said Carla

“We spent all the morning shopping and for lunch I ate pasta, it was delicious. Then Noelia started to feel bad and I was a little scared. A taxi took us to the airport and we had to wait a lot, so we continue shopping. When I was in the plane I was very sad and that was the worst part of the day.” said Irene

“We ate spaghetti with meatballs, it was very good. and we went to the airport.” said Mari

“When we boarded the plane there was a beautiful sunset and I was in seat 2C, it went by very fast and we arrived in Spain. We were sad, tired and thinking about repeating the experience next year” said Elena.
