

PLACEMENT TEST

CALLS

The Spanish language department will hold two qualification tests in September:

- ordinary;
- extraordinary (depending on the availability of places in the different courses).

The Spanish department may call for an extraordinary placement test in January for the A2.2 intensive course, provided that there are places available on the course.

The dates for the various tests will be published on the school's website.

RESULTS

The result of the placement test will identify the course and language level to which the applicant can access, so he/she will be able to enrol in that course or in the previous one to which the placement test has assigned him/her. The result of this test is only valid for the academic year in which it was taken and, if you do not obtain a place in our school, it is valid for any of the Official Language Schools in the Valencian Community where there are vacancies.

The classification test can be taken by both new students applying for a place and students already enrolled at the school.

ATTENTION: The placement test does not certify the language level of the person concerned and has no validity as a certificate of language proficiency.

ATTENTION: Taking the placement test does NOT GUARANTEE the applicant a place.

FORMAT OF THE PLACEMENT TEST

In the Spanish Department, the test will consist of one of the following parts:

- Written production: several writing topics are proposed corresponding to the different levels.

or

- Oral production: 5 to 10 minutes test; the candidate gives a presentation of ideas on a topic or interaction in pairs as usual at these levels.

- In addition to one of the above parts, the test may consist (if the members of the department so decide) of a battery of multiple-choice questions which will help to test the applicant's command of lexical and grammatical structures. The questions are organised in blocks and become progressively more complex.

The contents relating to the different levels can be found in the current regulations: <https://eoi.gva.es/va/curriculums/legislacio>.
