- 2 days trip
- 4 days stay

What is required from the students

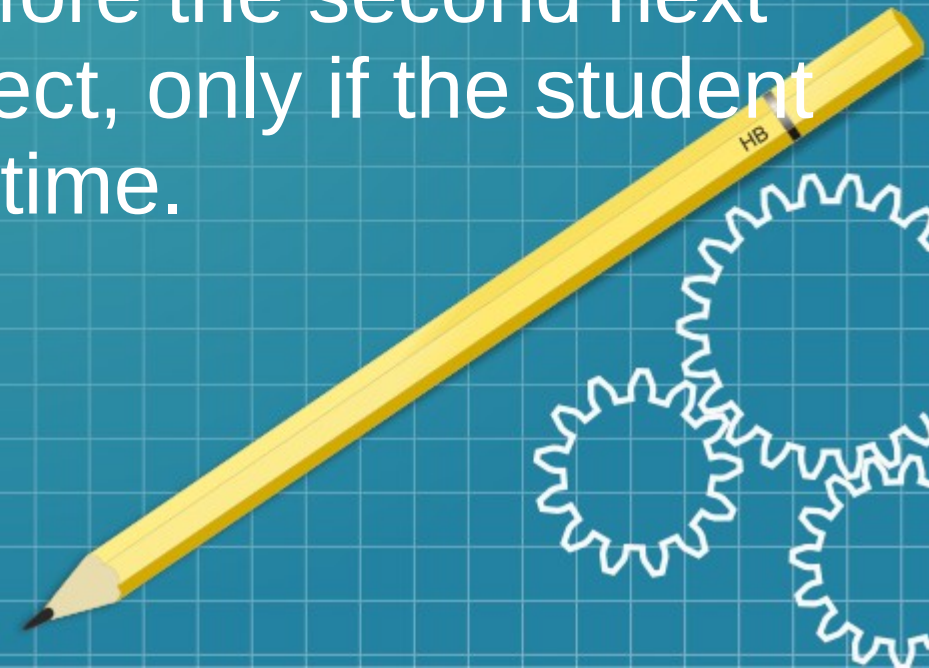

- 2 years compromise.
- Follow-up and permanent work in the project tasks:
 - Meetings every month with teachers.
 - Work at home or at school with Valencian or European partners.

Expenses coverage

- All expenses are covered: Flights and accommodation and food.
- Each student must advance the cost of the flight ticket. It will be refunded before the second next trip or at the end of the project, only if the student has been working until that time.

Accommodation

- In order to learn the culture from a foreign country and families, the students will stay in family homes of the host country.
- We also ask our students to accommodate the foreign students during their stay here.
- If that is not possible the students will stay in hostels.
- The more home accommodation we have abroad, the more students we can send.

Students selection

- We have prepared a **form** the interested students must fill in.
- Prepare a motivation letter.
- Language level. English, German, Polish and Norwegian.
- Final interview.
- We have a grant for 6 students but we will try to add as many students as possible.

Families collaborations

- Accommodate the foreign student, room, meals (breakfast and dinner).
- If any relative has knowledge about graphic design, photography, good ideas, contacts in local newspaper, everything fresh is more than welcome to collaborate in the project.
