## CHECK LAPTOP BATTERY LIFE

Often fall in love with the brand and need to remember the battery's condition. For example, a good gaming laptop can last at least 2 hours in used condition.

2

## FEASIBILITY OF LAPTOP SCREEN AND KEYBOARD

Aprendre a programar no sols és una habilitat necessària per al segle XXI, sinó ajuda als xiquets a resoldre problemes, tirar mà de la seua creativitat, millora el seu acte-estima i els ensenya a pensar.

3

## REQUEST WARRANTY

You can still get a guarantee even if you buy a used gaming laptop. Even though the store does not guarantee it, you can get it from the individual whose laptop you bought. Make an agreement on stamp duty regarding the guarantee and a specific time as concrete evidence.

4

## CHECK CONNECTIVITY

Watch live as the laptop seller checks connectivity. Whether it's internet or wifi connectivity, it can also be Bluetooth connectivity, up to the USB slot, earphone slot, and so on. This is often considered simple, even though it is crucial for the sustainability of a laptop used to play games.

FOR YOU WHO DECIDE TO BUY USED

## GAMING LAPTOP

1

### CHECK LAPTOP BATTERY LIFE

Often fall in love with the brand and need to remember the battery's condition. For example, a good gaming laptop can last at least 2 hours in used condition.

2

### FEASIBILITY OF LAPTOP SCREEN AND KEYBOARD

Pay close attention to whether the screen brightness setting works appropriately, is stable, and the image display is clear. The keyboard is no less critical. Do check one by one the existing buttons whether it works as they should. Also, make sure it is smooth and can be used properly without any defects.

3

### REQUEST WARRANTY

You can still get a guarantee even if you buy a used gaming laptop. Even though the store does not guarantee it, you can get it from the individual whose laptop you bought. Make an agreement on stamp duty regarding the guarantee and a specific time as concrete evidence.

4

### CHECK CONNECTIVITY

Watch live as the laptop seller checks connectivity. Whether it's internet or wifi connectivity, it can also be Bluetooth connectivity, up to the USB slot, earphone slot, and so on. This is often considered simple, even though it is crucial for the sustainability of a laptop used to play games.

5

### LAPTOP SPEAKER SOUND CLARITY

Are you playing games without sound? It could be better, right? This is why you need to check that the used laptop you will buy and the embedded speakers are still good. Do a sound check to play songs directly and use the speakers alternately.
