

# THE 5 R's

## REFUSE, REDUCE, REPAIR, REPURPOSE AND RECYCLE

These actions reduce the impact of our lives on the planet and re-educate ourselves in the value of life with our habits

**REFUSE:** Refuse everyday supplies as much as possible

**REDUCE:** Reduce consumption in every way (plastics, energy, water...)

**REPAIR:** Repair whenever possible

**REPURPOSE:**  
Give product a new purpose use

ORGANIC    PAPER    PLASTIC    GLASS    METAL    ELECTRONICS    MIX

**RECYCLE:**

Recycle each object or material in its corresponding container or place

If we all practice the 5 Rs we will help leave a better world for future generations
