Associazione Diplomatici – Our History

Associazione Diplomatici is an NGO in Special Consultative status with the Economic and Social Council of the United Nations. Since 2000, it has trained more than 50,000 students from all over the world in current affairs and international careers through training that complements their school and university education. These students took part in international Forums organised by AD at the United Nations or in other institutional venues.

The aim of the Association's activities is to enable young people to apply themselves in defence of the values of democracy through the study and simulation of the work of major international organisations, understanding the meaning of respect, tolerance and coexistence between world citizens of different cultures, faiths or ethnic backgrounds, and training them in soft skills.

Change The Word is held every year in New York, Rome, Abu Dhabi, Dubai and Singapore and is attended by over 7000 students from all over the world and by authoritative experts, ambassadors, former ministers, former heads of state and government, well-known sports champions and artists to discuss the most relevant issues of international geopolitics.

The latest editions have been opened by guests such as Bill Clinton, Enrico Letta, Angelino Alfano and Romano Prodi, and sports personalities such as Marco Tardelli, Andriy Shevchenko, Michel Platini, Carlo Ancelotti, Bebe Vio, Andrea Pirlo and Tania Cagnotto. Personalities from the world of culture and science such as Ilaria Capua and Mario Martone, as well as international guests such as Boris Tadic, Joschka Fischer. These are just some of the guests who, year after year, joined our events. Associazione Diplomatici has also had the honour of hosting, on several occasions, the great Italian artist and singer-songwriter Francesco De Gregori.

What a MUN Conference is?

A Model United Nations (MUN) is an educational simulation of the UN System where students can learn about diplomacy and international relations. At a MUN Conference, students work as the representative of a country and must solve a problem with other delegates from around the world. MUN teaches participants research, speaking, debating, and writing skills, in addition to critical thinking, teamwork, and leadership abilities. It is meant to engage students and allow them to develop deeper understanding into current world issues.

CWMUN ROME 2024

The Italian event

From world-famous attractions, architecture, history, and culture, climate, friendly people, there are many different factors that make a city as great as Rome. Come take part in CWMUN Rome and visit Italy with us because there is no other place that holds the beginning of life like Rome.

The city standing on seven hills by the Tiber River is a discovery of monuments among some of the most beautiful architectures and creations in the world. From the Colosseum, the Roman Forum, Trevi Fountain, Vatican City, Sistine Chapel, and Saint Peter's Basilica, every street houses an imperial Roman ruin. The people of Rome, including ancient gladiators, powerful emperors, and influential religious leaders, have shaped world history for 2000 years and counting.

When you walk the streets of Rome you will be filled with wanderlust, and attending our CWMUN is the perfect way to further enhance your Italian experience. In 2020, we had the pleasure of hosting the CWMUN Rome Opening Ceremony at the FAO Headquarters. In 2018, 2019, 2020 the CWMUN Rome working sessions took place at LUISS University.
