

CONVERSATION CLASSES , WINTER TERM (2019-20)

My experience teaching at *Haygón* had a much larger impact on my life this semester than I expected. Working with these students enriched my academic and personal life and made me look forward to our classes every week. Even if someone does not have prior teaching experience, I highly recommend taking the leap to others.

JASIAH SCRIBNER, Cleveland State University

Teaching English at the *Haygón* school has been a privilege. Being in the position to teach others how to communicate their ideas through a different medium has been an extremely fulfilling experience, and I believe that I have learned much from teaching. Thank you to the kids, *Haygón*, and USAC for making this happen.

ZACHARY AYVAZIAN, University of Maine

My experience in *Haygón* has been wonderful and very entertaining. My students and I always had a great time and they had me laughing most of the time. This was a very fun experience and I'm glad I had this opportunity.

MELISSA GALINDO, Arizona State University

I really enjoyed teaching children English at *Haygón*. It was a really incredible experience, and it was a lot of fun. The kids were very sweet and always came to class ready to learn. I am really glad I got this opportunity because I enjoy spending time with kids and getting to teach them English was really fun. Overall, this experience has been a really amazing time and I am thankful for this opportunity.

VICTORA VENEGAS, University of Nevada (Reno)
