V začetku leta 2019 je v kletnih prostorih Občine Sežana odprla vrata kavarna in okrepčevalnica Integrali. Vodi jo Zavod Bodika, katerega glavno poslanstvo je vključevanje v delo in zaposlovanje oseb iz ranljivih družbenih skupin. Tako je kavarna postala učni center za težje zaposljive osebe.

Osnovni cilji:

- oblikovati strpno in podporno okolja za tiste, ki so se zaradi različnih življenjskih okoliščin znašli na družbenem in socialnem robu.
- prispevati k socialnemu vključevanju, zaposlovanju težje zaposljivih oseb

Balinanje

Dijaki in učitelji so se preizkusili v balinanju. Vodili so jih Jaka, Aneta in Iva, ki so vsi zelo uspešni balinarji.

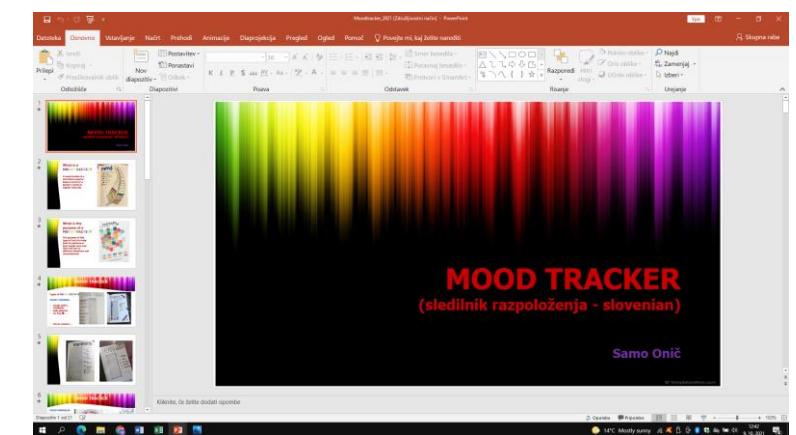

Ana in Neža sta dijake vodili pri ustvarjanju sledilnikov razpoloženja (mood trackerjev)

What is a MOOD TRACKER?

A mood tracker is a tool that is used to keep a record of a person's mood at regular intervals.

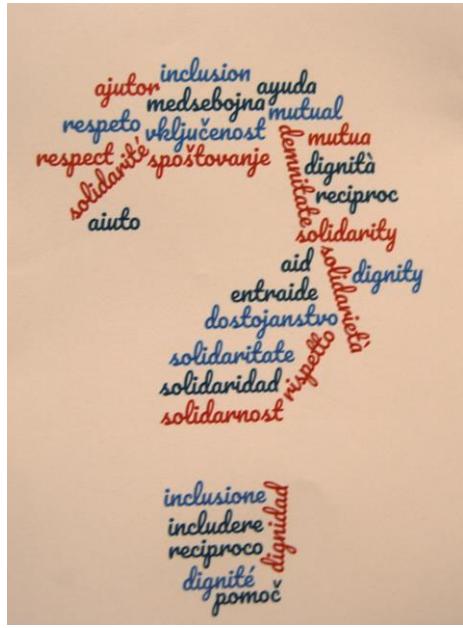

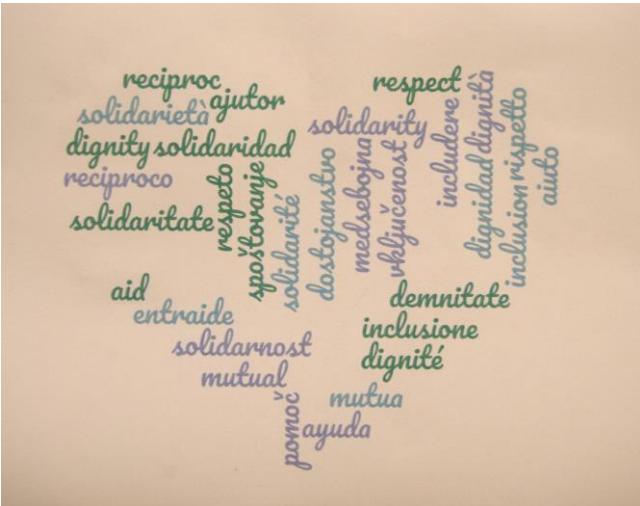

The purpose of this type of tool is to help look for patterns in how moods vary over time and due to different situations and circumstances.

Amina in Tim sta dijake vodila pri ustvarjanju oblaka besed.
