

OUR SCHOOL IS CLEANER NOW!!

1º ESO I

Our school had problems with the litter after the break time and we did a campaign to try to solve that.

The pupils in Bachillerato thought they can help to the rest with the “ecopatrullas”.

One day we found new bins to recycle during the break time.

And then new images appeared...

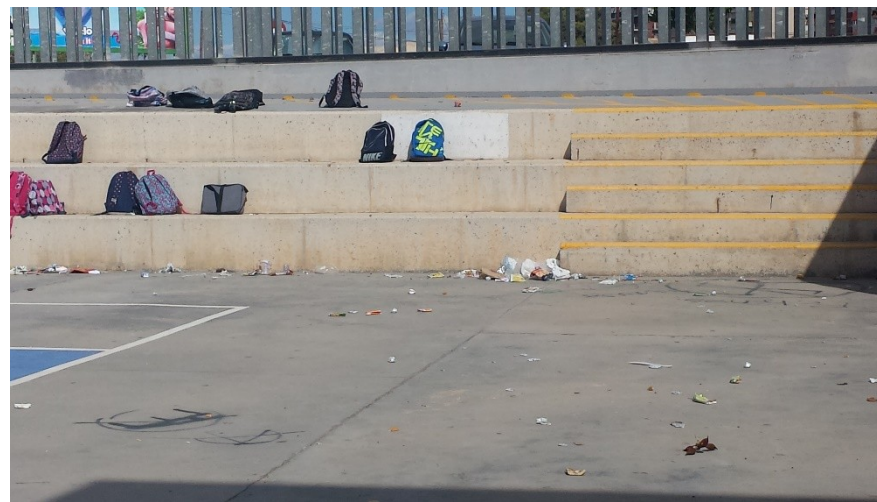

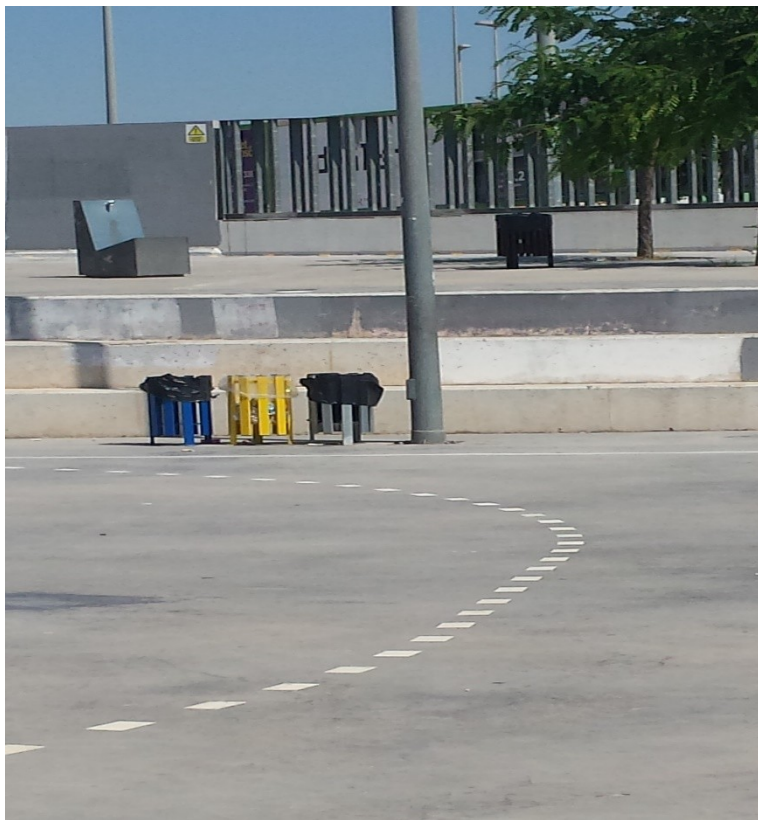

The wall of the gym _____ now.

The wall of the gym _____ before.

The stands _____ now.
The stands _____ before.

The garden _____ now.

The garden _____ before.

The football and basketball courts _____ now.
The football and basketball courts _____ before.

The corridors _____ now.

The corridors _____ before.

We like our school because it's cleaner now.
