## Action Steps:

- brainstorm ideas
- collect pictures
- decide the customers for the house
- design the house floor plan
- decorate and have fun!

## Tips:

- write your presentation with short sentences or words: give more importance to your speech.
- If you don't remember a word, say its definition or give an example.
- relax and breath, don't try to go too fast
- do not cross your arms or fingers, feel confident
- show passion for this project, it's your project! If you feel it, the audience feels it too.
