CLIL AND PBL TO IMPROVE STUDENT ENGAGEMENT

- Introduir CLIL a l'aula ens permet integrar l'aprenentatge d'una llengua estrangera (en el nostre cas l'Anglès) al mateix moment que impartim docència d'una assignatura / mòdul que no siga de llengua.

CLIL AND PBL TO IMPROVE STUDENT ENGAGEMENT

PBL - Wednesday

- A la meitat del curs, comencen amb PBL.
- PBL - Project Based Learning (Aprentatge basat en projectes)

CLIL AND PBL TO IMPROVE STUDENT ENGAGEMENT

- L'aprenentatge basat en projectes és un mètode d'ensenyament en el qual els alumnes adquireixen coneixements i destreses treballant durant un llarg període de temps per a investigar i respondre a una pregunta, problema o repte autèntic, atractiu i complex.

NOVOSTI

U Sisačkoj gimnaziji provedena kampanja „Web heroji“

Prošli tjedan, 25. i 26. siječnja u Gimnaziji Sisak u suradnji s Uredom načelnika Policijske uprave sisačko-moslavačke provedena je kampanja „Web heroji“, koju u sklopu projekta „Jačanje kapaciteta policije za suzbijanje kibernetičkog kriminaliteta“ provodi Ministarstvo unutarnjih poslova. Cilj ove kampanje je osvijestiti i educirati građane (u ovom slučaju učenike Sisačke gimnazije) o nužnosti i načinima zaštite u virtualnom svijetu kako ne bi postali žrtve tih kaznenih djela.

Za oko 75 učenika prvih razreda, policijski službenici Policijske uprave sisačko-moslavačke prezentirali su primjere kibernetičkih prijevara koje prevaranti svakodnevno koriste kako bi ukrali novac.

S obzrom da se tijekom edukacije došlo do podatka da je u 2023. godini ukupna šteta počinjena ovim vidom kriminaliteta iznosila 10.500.000,00 eura, učenicima je sugerirano da je ključno znati i prepoznati znakove prijevare i biti na oprezu, a u slučaju bilo kakvih sumnji, svakako to treba prijaviti policiji.
