A group of seven people, four men and three women, are posing for a group photo in a public square. They are standing in a line, smiling at the camera. The background features a large, ornate fountain with two figures holding a large, flat, circular object. The fountain is set against a backdrop of a large, multi-story building with many windows. The sky is blue with some light clouds. The overall scene is bright and sunny.

- Provides computer repair services.

Datax stands out for its family-like atmosphere. The kindness and good treatment of the manager are a positive point for both the customer and the employee. Many of computer repairs are provided by Hospimalta (a company of which DataX's manager, Estephen Saliba, is a part), therefore they also require the installation of specific software.

# scan

# In conclusion

- Job Shadowing in Malta through the Erasmus+ program provides invaluable benefits.
- It offers a unique opportunity to gain firsthand experience in the IT sector, understand different work cultures, and broaden one's global perspective. It fosters professional growth, enhances technical skills, and promotes international networking. For teachers, it's a chance to gain new teaching methodologies and bring back innovative ideas to the classroom.
- For students, it's an opportunity to apply theoretical knowledge in real-world scenarios, boosting their employability.
- We highly encourage both teachers and students to seize this enriching opportunity.
