

Els animals

En aquesta activitat anem a descobrir elements característics dels animals que trobem al nostre voltant o que coneixem. Hem de llegir pausadament tota la informació que tenim per poder classificar als animals. En aquesta activitat podeu jugar amb els vostres pares o germanets. A gaudir!

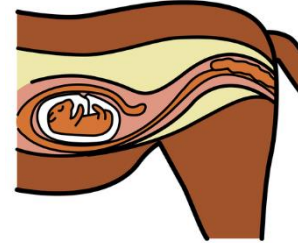

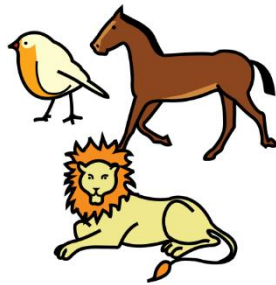

En aquesta activitat anem a:

		
Llegir	Observar	Classificar

Podem classificar als animals segons d'on naixen:

			
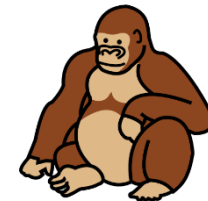

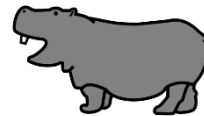

<p>Els animals els podem classificar en vivípars i en ovípars</p>			

Viripars:

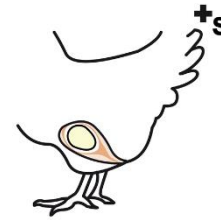

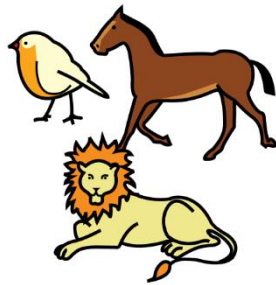

Els animals són vivipars quan naixen del ventre de la seua mare

Alguns exemples són:

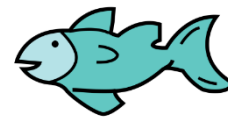

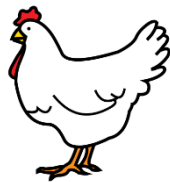

Ovipars:

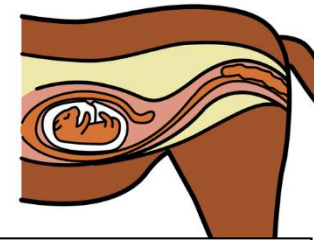

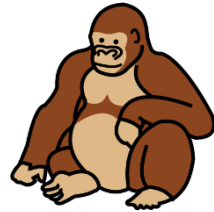

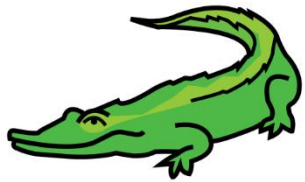

Els animals són ovípars quan naixen dels ous que pon la mare

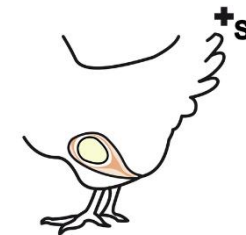

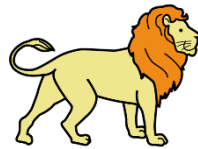

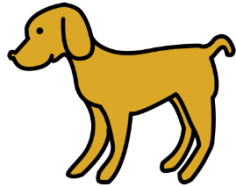

Alguns exemples són:

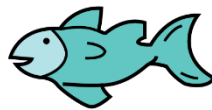

Classifica els següents animals segons si són vivípars o ovípars:

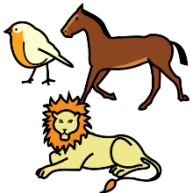

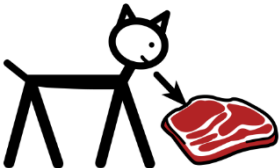

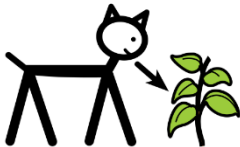

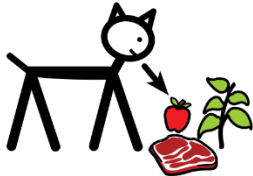

Vivípars

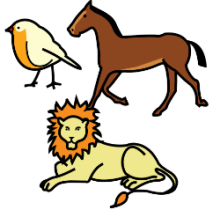

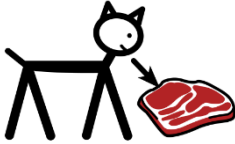

Ovípars

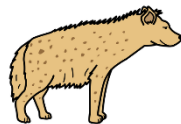

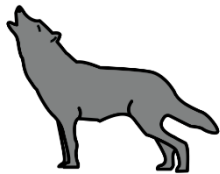

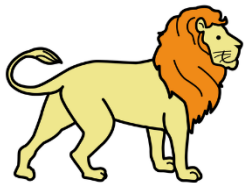

Podem classificar als animals segons el seu tipus d'alimentació:

				
<p>Els animals els podem classificar en carnívors, herbívors i omnívors</p>				

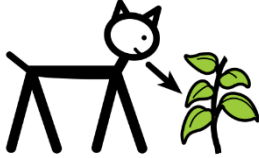

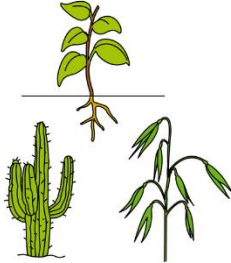

Carnívors:

		
<p>Els animals carnívors són aquells que s'alimenten de la carn d'altres animals</p>		

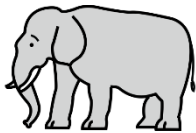

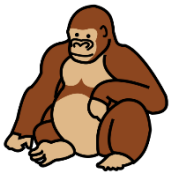

Alguns exemples són:

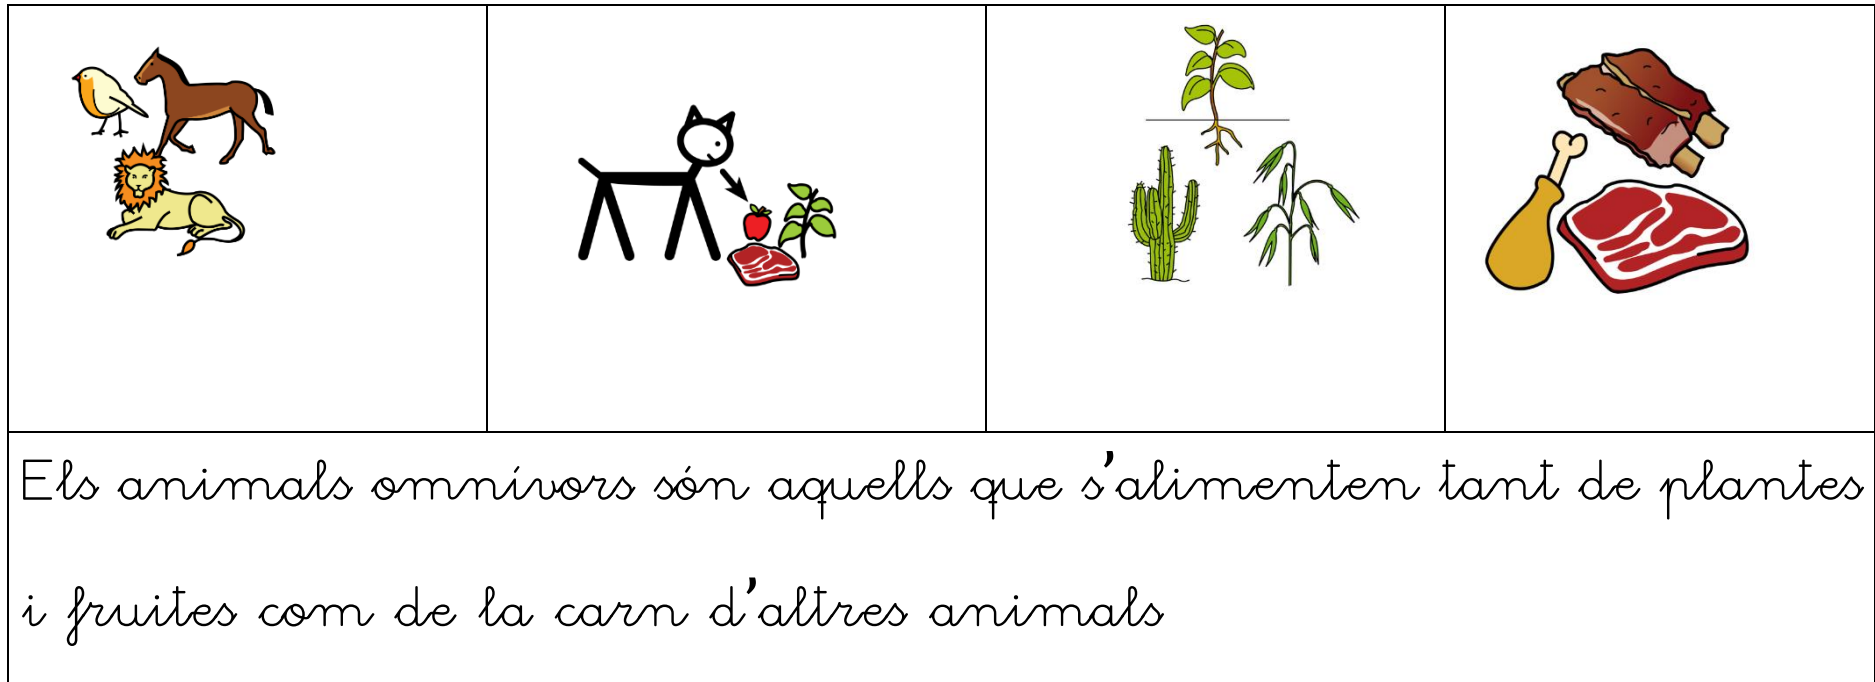

Herbívors:

		
<p>Els animals herbívors són aquells que s'alimenten de les plantes i fruites</p>		

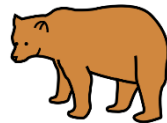

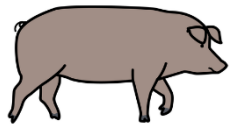

Alguns exemples són:

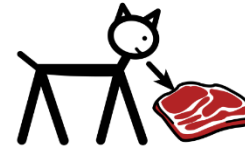

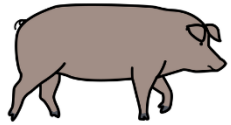

Omnívors:

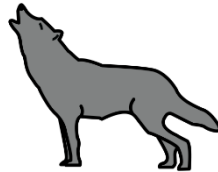

Alguns exemples són:

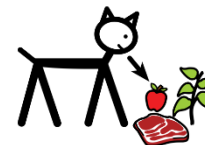

Classifica els següents animals segons si són carnívors, herbívors o omnívors:

Carnívors

Herbívors

Omnívors
