The screenshot shows the eTwinning 'Partner finding' page. At the top, there's a navigation bar with links: Home, About, Discover, Learn, Teach, Connect, and eTwinning. Below this, a breadcrumb trail reads 'Home > Connect > Partner finding'. The main heading is 'Partner finding', followed by a brief description: 'Partner finding is a meeting point for schools and teachers interested in hosting mobility activities and taking part in them, such as teaching assignments, job shadowing or placements. Listings can be...'. There's a 'Show more' link and an 'Add posting' button. Below this, there are two filter sections: 'Erasmus+ quick filters' and 'eTwinning quick filters'. The Erasmus+ filters include 'School education', 'Vocational Education & Training', 'Mobility activities', 'Jean Monnet', 'Small-scale partnerships' (which is highlighted), and 'Cooperation partnerships'. The eTwinning filters include 'Age 0-6', 'Age 7-11', 'Age 12-15', and 'Age 16-19'. At the bottom, there's a search bar with the text 'artificial intelligence', a 'Search' button, and a 'Hide filters' button.

The screenshot shows a project listing on the eTwinning platform. The title is 'Artificial intelligence-Ka210 SCH'. The description states: 'We are only planning teacher mobility. With this project, we aim to increase our teachers' knowledge of artificial intelligence technologies and improve their ability to integrate them into classroom applications.' Below the description, it shows 'Age range 10 - 14' and 'Expires on 07.01.2025'. It also indicates 'Created on 07.07.2024' and 'Last edited on 07.07.2024'. Below this, there's another project listing titled 'Use of artificial intelligence in the educational process'. Its description is 'Use of artificial intelligence in the educational process'. It shows 'Age range 5 - 6' and 'Expires on 27.09.2024'. It also indicates 'Created on 27.06.2024' and 'Last edited on 27.06.2024'.

The screenshot shows the European School Education Platform (ESEP) interface. At the top, there's a header with the European Commission logo, language options (English), a mail icon, a user profile (Alicia López), and a search bar. Below the header, the main navigation menu includes Home, About, Discover, Learn, Teach, Connect, and eTwinning. The main content area features a project titled "No Man is an Island II - E+ KA2" under the "TwinSpace" category. The project description states: "This is a multidimensional project (year 2) aimed at reflecting, planning and carrying out together the E+ activities between European centres: Italy, France, Spain, Finland and Portugal. It is also aimed at developing our students' transversal skills with a particular emphasis on critical thinking, social studies, foreign languages and digital skills by promoting innovative practices in education and transnational cooperation while sharing good practices, fostering inclusion and contributing to the prevention of early school leaving. The main idea has come out from a common thought about some essential themes permeating our world such as globalization, migrations, social issues, the awareness that we all belong to a 'common home', the cultural richness brought by every single country and the innovation in education. The project purposely and carefully selected topics to deal with during the activities: EU Citizenship, EU awareness and intercultural learning."

Intl Day for the Elimination of Violence against Women

Created by **Elena Pezzi**
Last updated by **Elena Pezzi** 6 years ago
The 25th of November is the **International Day for the Elimination of Violence against Women**.
Let's join the campaign promoted by the United Nations to eliminate violence and take a stand against Gender-Based Violence!

Support

— Forum

This is where members of the TwinSpace communicate, collaborate and exchange. A forum may contain as many discussions as needed and each discussion as many threads as needed. All members can post a message (embedding photos/videos/files if needed) in existing threads, but only administrators can create new discussions and threads.

— Online meetings

This is where members meet, in real time, with other members of the TwinSpace or Group.

- The online meeting is a video/conferencing session that administrators can set up at any time. All scheduled online meetings are visible in the 'online meetings' page.

— Members

TwinSpace and Groups' content is only available to its members, unless published (in the form of pages) on the Internet. The members section allows to view, invite and manage the members of the TwinSpace/Group (to manage members of a projects, see the 'Project' section in the eTwinning area).

Members of a project are automatically members of its TwinSpace. Other users can be invited to the TwinSpace directly from this section, but such users will not automatically become members of the project unless they are contacts and available for eTwinning project. So, a pop-up will ask if they want to add the member only to the TwinSpace or also as a project member).
